Emergency Medical

Emergency Preparedness

Emergency Preparedness (EP) strengthens partnerships and resiliency in Yolo County through preparedness activities and training. The mission of EP is to prepare the residents of Yolo County for natural and intentional public health disasters and emergencies through improved operational readiness, planning, and mitigation activities to ensure a timely response and successful recovery as a

collaborative and resilient community. Part of EP is the Yolo County Healthcare Preparedness Coalition (HPC) with participating representatives from Hospitals, Clinics, Dialysis Centers, Skilled Nursing Facilities, Assisted Living Facilities, and other health care facilities and organizations in Yolo County. HPC creates and reviews emergency plans, provides training and exercises, and discusses best practices for health care facilities around emergency preparedness, response, mitigation, and recovery activities. Emergency Preparedness assists with emergency support during public health disasters.

EMS Agency

California's EMS Act authorizes each county to develop an EMS program and to designate a local EMS agency (LEMSA) that oversees the delivery of EMS within that geographic area. This level of governance allows for local control of emergency medical services that are desirable in a state as large and diverse as California. Essential functions that are performed by Yolo County EMS agencies include: serving as an advocate for patients, collaborating with other health officials to ensure a unified, coordinated approach in the delivery of health care, developing/approving medical treatment protocols and policies for local EMS service providers (EMTs, paramedics, dispatchers), in collaboration with public health, developing local medical and health disaster plans and coordinating medical and health response to disasters (natural and man-made), providing oversight for EMS quality improvement and quality assurance activities, and function as the Medical Health Operational Area Coordinator (MHOAC) per Health and Safety Code

Medical Health Operational Area Coordinator/Duty Officer

To manage the complex needs and requirements of an emergency response effort, the Yolo County Human Services Agency's (HSA) Emergency Medical Services Agency (EMS) and Public Health Preparedness and Response (PHPR) oversee and function as the Medical Health Operational Area Coordination (MHOAC) Program. The MHOAC Program maintains a 24/7/365 capability to: Initiate emergency notifications; response for the 17 functions of public health coordination in the Yolo County; Coordinate requests for medical health assistance and/or resources; and Obtain and distribute information to enhance situational awareness.
